In New York Monday night, Prince Louis of Battenburg, left the sailors' banquet and went to the horse show. After the tenth round of beer the American and British sailors hiked out for Coney Island. It's up to your predilections whether you bet the Prince or the peckles had the best time.

Herr Hengelmuller, Austrian ambassador, and Booker T. Washington were among the callers on President Roosevelt the other day. Hengelmuller left first and took the wrong overcoat. It was Washington's overcoat. He found out his mistake by finding a rabbit foot in the pocket when he stuck in his hand to get his gloves. The average darkey will now discover why it is that Booker keeps right on having luck.

P. O. HALL, BANKRUPT.

Well Known Young Druggist Asks For Settlement of Affairs.

Friends of Mr. Percy O. Hall, the popular young druggist on North Fourth street, will regret exceedingly to know that his business affairs were such that on yesterday, for the benefit of creditors, he filed in the United States Court a petition in voluntary bankruptcy. He is represented by Herbert McClammy, Esq., and the liabilities are scheduled at $2,365.64; assets, $1,535.20, out of which the legal exemption of $500 is asked in cash. The liabilities are taxes, $34.77; secured claims in favor of the National Cash Register Co., $105; Baltimore Carbonating Co., $90; Cary Safe Co., $10, and unsecured claims amounting to $2,125.87. The largest unsecured customer is R. R. Bellamy, in the sum of $702. The assets consist of $1,425 stock in trade and $110.20 in accounts due the store. A meeting of creditors will be held shortly and the friends of Mr. Hall hope that the business will be wound up satisfactorily to all concerned and that he will soon be on his feet again.

Dudley For U. S. Court.

Lawrence Dudley, the one-armed white man charged with the larceny of government property from the railway mail clerks' room at the postoffice, was given preliminary trial before United States Commissioner S. P. Collier yesterday afternoon and was held for the next term of the Federal Court in this city in the sum of $300 which he could not give and was re-committed to jail. If Dudley is not deaf, as has been suggested, he put up a good bluff on the Commissioner and stared vacantly at the witnesses as they told the story of his misdoings. He confessed everything in response to written questions by the Commissioner and the only question he wished to ask any witness was if there was not a bottle of liquor in one of the grips. The mail clerk admitted the soft impeachment but the admission served the defendant no good purpose.

Beautiful Wedding in First Presbyterian Church Yesterday Evening at Six O'clock

A COMPLIMENTARY GERMAN

Marriage of Miss Anna McKoy Peck and Mr. Thomas W. Davis Notable Event in Wilmington Society—Bridal Tour North.

The marriage of Miss Anna McKoy Peck and Mr. Thomas W. Davis, both popular young society people of Wilmington, was celebrated at six o'clock yesterday evening in the First Presbyterian church, the pastor, the Rev. J. M. Wells, D. D., officiating. It was pronounced by those who witnessed it as one of the prettiest ceremonies ever seen in Wilmington.

The interior of the church was tastefully decorated with stately palms and Southern smilax, the service having been spoken while the bride and groom stood under a large wedding bell used in 1882 at the golden wedding of the bride's grand-parents, Mr. and Mrs. Oscar G. Parsley and under which each grand-child has been married since. The color scheme was pink and white and that effect was charmingly carried out in beautiful chrysanthemums of which the wedding bell was formed.

Mendelssohn's Wedding March was rendered as a processional and the order of entrance was as follows: Mr. R. A. Parsley and Capt. C. McD. Davis, groomsmen; Miss Sue McQueen and Miss Sarah Kenan, first bridesmaids; Capt. John VanB. Metts and Mr. Thomas H. Wright, groomsmen; Miss Jeannie Peck, Miss Alice Davis and Miss Julia Parsley, bridesmaids; Messrs. George Davis, George P. James and Platt W. Davis, groomsmen; Miss Elizabeth P. Peck, the maid of honor; the bride with her brother, Mr. Oscar Peck. The groom with his best man, his brother, Mr. Junius Davis, Jr., entered from the south vestibule and met the bride at the altar. Immediately following the bride came the little ribbon children, Master Allan Emerson and Miss Louise C. Wise.

While the service was being spoken by Dr. Wells a soft serenade was played, lending beauty and enchantment to the pretty scene. The party left the church to the merry strains of a march from Lohengrin.

The bride wore a becoming Princess gown of white Duchess satin, trimmed with point applique lace, her tulle veil being caught with orange blossoms and elegant pearls. She wore a very handsome diamond brooch of great brilliancy. She carired a lovely shower bouquet of bride's roses tied with gauze ribbon.

The maid of honor was gowned in pink crepe de chine, trimmed with chiffon and lace and carried a handsome bunch of pink chrysanthemums. The bridesmaids were costumed in white embroidered lace and carried pink chrysanthemums.

The gentlemen attendants wore the conventional black with boutonnieres of pink chrysanthemums.

Mr. and Mrs. Davis left on the northbound train yesterday evening for an extended bridal tour North, returning from which they will be at home in this city where they have very many friends. The bride is a daughter of Mrs. Elizabeth P. Peck and is one of Wilmington's most charming young women, much loved and admired in the circle of her acquaintance. The groom is a leading young member of the Wilmington bar, being associated with his father, Mr. Junius Davis, in the law firm of Messrs. Davis & Davis. The large number of handsome wedding gifts and telegrams received from absent friends is abundant testimony of the wide popularity of both young people to the marriage vow.

Monday night, Mr. and Mrs. James M. Stevenson entertained at their home in honor of the wedding party and last night a brilliant dance was given by L'Arioso German Club in compliment to them. The decorations of the ball room denoted the significance of the occasion and a large number of couples lent their presence in honor of the event. Among those present and dancing were:

Miss Elliott Emerson with Mr. Richard Bradley; Miss Madeline deRosset with Mr. H. B. Peschau; Miss Lizzie Peck with Mr. Junius Davis, Jr.; Miss Millie Archer with Mr. Platt Davis; Miss Mildred Davis with Mr. R. A. Williams; Mr. and Mrs. J. M. Stevenson; Mr. and Mrs. Wallace Carmichael; Captain and Mrs. Donald MacRae; Miss Alice Borden with Mr. R. A. Parsley; Miss Julia Parsley with Mr. T. H. Wright; Miss Jeannie Peck with Capt. J. VanB. Metts; Miss Louise Bellamy with Mr. A. S. Williams; Miss Mary Borden with Mr. R. B. Adams; Miss Lillian Slocomb, of Fayetteville, with Mr. N. B. Emerson; Miss Erwin Bridgers, of Tarboro, with Mr. S. A PYTHIAN ANNIVERSARY

Observance Last Evening by Four Wilmington Lodges in Castle Hall—Whitehead Kluttz, Esq., Orator.

The joint celebration of "Pythian Night" by the four lodges of Wilmington last evening, simultaneously with similar observances all over the State in accordance with the official circular promulgated by Grand Chancellor Alf. S. Barnard, of Asheville, was every whit a success and reflected great credit upon the committee which had the matter in charge. The affair was doubly significant for Wilmington Knights because it marked not only the founding of the order in the State but it was the 35th anniversary of Stonewall Lodge, No. 1, as well.

Between 150 and 200 Pythians and their friends were in attendance, and the programme as previously published was carried out to the letter. The address by Whitehead Kluttz, Esq., of Salisbury, was a gem of oratory, rich in its eloquence and warmth of good fellowship. Mr. Kuttz was presented by the inimitable State Deputy Grand Chancellor J. D. Nutt, who was exceedingly happy in his remarks of introduction and pleasant reference to the significance of the occasion. Mr. Kluttz is a polished speaker, enthused with the spirit of fraternalism and was listened to with unabated interest for forty-five minutes.

The next most interesting feature of the exercises was a short history of Stonewall Lodge, the parent organization in the State, by Capt. T. D. Meares, Supreme Master of Exchequer. The reminiscences of Capt. Meares and the historical data given by him was heard with much interest.

During the evening Hollowbush's Orchestra rendered a select programme of classical music, which added much to the eclat of the occasion. Chancellor Commander L. B. Rogers, of Jefferson Lodge, the junior branch of the order in the city, presided during the evening and served most excellently in that capacity.

Mr. Kluttz is the guest of Past Grand Chancellor Wm. F. Robertson while in the city, and to his administration while chief executive of the order in the State, the speaker paid a neat compliment in his address last night. After the exercises Mr. Kluttz was entertained by a number of his friends in the Grand Lodge at Delmonico's. To-day he will be entertained on a trolley party to the beach and an oyster roast at Lumina.

PAULINE HALL OPERA CO.

Matinee and Night Engagement of Georgeous Production Saturday.

"Dorcas" the new opera by Harry and Edward Paulton, authors of "Erminie," is said to afford Pauline Hall the greatest opportunity of her career, both for the exploitation of her marvellous voice and the display of her unsual powers as an actress. It is pleasing intelligence to Miss Hall's many admirers here to learn that she has been booked by the Academy management to appear in her new success Saturday at matinee and night. Miss Hall's company is said to be one of the biggest and strongest musical organizations that has visited this section of the country in recent years. In the list of principals in her support appear the names of such well known artists as Josephine Knapp, Jennie Weathersby, May Bouton, Ethel Comstock, Mamie Scott, Ianthe Willis, Jenny Bartlett, Geoffrey Stein, Charles Fulton, John E. Young, Lyman White, Robert Burton, George Hall, J. P. Donnelly, and others equally prominent on the comic opera stage.

"Dorcas" has been mounted in the most sumptuous manner, gorgeously costumed and the production in every way made a notable one.

Reserved seats at the matinee will be 75 cents and this sale will commence Friday when the night sale starts.

SENSATIONAL CHARGE.

Old Lady Accuses Man and Wife of Larceny by Trick.

A sensational charge of laceny by trick will be heard in Justice Furlong's court at 3:30 o'clock this afternoon, the defendants being Mr. and Mrs. J. W. Shepard, who live in the southern part of the city, and the prosecutor being a Mrs. Fulford, an elderly woman who charges that the defendants used threats to secure from her part of a Federal pension which she secured some time ago, the amount being about $150. Mrs. Fulford is reputed to be of a very superstitious turn of mind and it is alleged that this state of her mind was advantaged of to secure the money. Mr. and Mrs. Shepard, who are of excellent character, deny the charge and have employed Messrs. W. P. Gafford and Wm. J. Bellamy to defend them. Mrs. Fulford has employed Marsden Bellamy and Herbert McClammy, Esqs., to prosecute the case.

MR. H. M. BROTHERS.

Well Known Citizen Passed Away Early Last Night—Funeral.

Mr. H. M. Brothers, a well known carpenter of this city and a man held in the highest esteem by all who knew him, died last night a few minutes before 7 o'clock at his home, No. 17 Princess street, after an illness of some time with liver and kidney trouble. Mr. Brothers would have been 60 years old to-day and leaves a wife and five children who have the sympathy of many friends in their bereavement. The sons and daughters are Messrs. D. H. and J. A. Brothers, Misses Belle and Annie Brothers, all of this city, and Mrs. A. H. Leslie, of Goldsboro.

Mr. Brothers was a Confederate soldier and served gallantly under Capt. Buie in one of the Cape Fear companies. He was a member of the First Baptist church and a man of strong Christian character. The funeral will be conducted at 3 o'clock this afternoon from the residence and the interment will be in Bellevue.

APPEAL FOR RELIEF

Distinguished Rabbi of Richmond Bestirs His People to Work of Patriotism

AT SYNAGOGUE LAST NIGHT

Story of Outrages in Russia Brings Liberal Response From Hebrew Citizens of Wilmington—Under Auspices of B'Nai B'rith.

An intellectual treat, and nothing short of that, was enjoyed by the large audience which heard the distinguished Dr. Edward N. Calisch, of Richmond, Va., in his lecture last night in the Temple of Israel under the auspices of North State Lodge No. 222, B'Nai B'rith, of this city. The meeting was arranged by Mr. Isaac Bear, of Wilmington, president of District No. 5, of the Independent Order of B'Nai B'rith, who has had Rabbi Calisch to speak at all important points in his jurisdiction, he having come here from Savannah and Charleston. The meeting here was under the special care of a local committee composed of Mr. I. M. Bear, chairman; Messrs. I. J. Sternberger, Louis Goodman and J. W. Jacobi.

Rabbi Calisch was introduced by Dr. S. Mendelsohn, rabbi of the Temple of Israel, and he spoke at some length, holding the undivided attention of his hearers to the last moment. The distinguished speaker gave a short history of the order, described the terrible calamity that was now upon the Jews in Russia, the worst in the history of the Jews, and closed with an appeal for aid for those brethren whose blood has been spilled by Cossacks cruelty, and who are now loudly crying for help. In response to the appeal more than $400 was raised among the congregation last night and the fund will be still further increased to-day.

In speaking of the terrible conditions in Russia, Rabbi Calisch said that all must realize that it is a challenge to every Jew to make him know that he is a Jew and a brother to every human sacrifice on the altar of Russian progress. "It is a trick, a miserable piece of political chicanery," he said. "When the mob grew too strong for the Government the stream of passion was diverted from the Government to the Jews. The aristocrats and bureaucrats seeing the power slip from their grasps have plotted the persecution of the race not only with police connivance, but by their instigation: those who should guard the weak aid in the murderous work. Russia must be held up to the execration of every honest man. We must help at once. Money, it is true, cannot restore the dead, but it is true that money will feed the hungry and clothe those who have no protection. Every drop of Jewish blood should respond to their distress.

After the address Rabbi Calisch was entertained by the committee at Harmony Circle Club rooms, in the MacRae building on Front street, where many of those in his audience at the synagogue had the pleasure of meeting the distinguished visitor personally and conversing with him of the great and commendable work in which he is engaged.

"A MADCAP PRINCESS."

Brilliant Light Opera Production—Miss Sallie McRee in the Cast.

Miss Sophie Brandt, the young comic opera prima donna, is to make her first appearance before the music lovers of Wilmington at the Academy next Wednesday evening in Harry B. Smith and Ludwig Englander's romantic opera, "A Madcap Princess." Miss Brandt is believed by many to be the greatest light opera prima donna of this generation and her backers are said to have surrounded her with a company numbering sixty, which includes some splendid lyric talent.

The opera, "A Madcap Princess," is a music version of "When Knighthood was in Flower" and proved one of the greatest successes ever seen at the home of comic opera in New York, the Knickerbocker Theatre.

Mr. Claxton Wilstach, manager of the company, arrived in the city yesterday and brings the interesting announcement to many friends in this city that Miss Sallie McRee, formerly of this city, appears in the cast of the splendid production.

Wilmington Was Represented.

Mr. and Mrs. W. B. Cooper returned yesterday from Chattanooga, Tenn., where Mr. Cooper as a delegate from North Carolina attended the great Southern Quarantine and Immigration Conference. Mr. Cooper speaks interestingly of the work of that distinguished body of representative Southerners, the proceedings of which were carried last week from day to day in the Associated Press dispatches to this paper. Mr. Cooper was honored with a place on several of the important committees of the convention and gave Wilmington an able representation in the great National gathering. While away, he and Mrs. Cooper visited two of Mr. Cooper's brothers in Nashville and were much pleased with their visit to that city.

"WHEN WE WERE TWENTY-ONE."

Play That Made Not Goodwin Famous Matinee and Night.

There must be a reason for the apparently phenomenal success which has always attended the production of "When We Were Twenty-One," ever since Nat Goodwin scored his last great hit in the play, and those who have seen the comedy are at no loss to discover what that reason is. The purity of the theme and the tone of refinement without prudery are such as to strongly impress every person of fine discrimination, while the perfect naturalness and consistency of action, the spontaneity of the humor, and, above all, the powerful hold that is exerted over the sympathies of the audience all combine to make a deep and lasting impression. There is nothing maudlin in the sentiment or impossible in the situations. On the contrary it is a play that might be taken line by line and scene by scene from actual life, and healthy honest life, at that. It is no wonder, therefore, that 'When We Were Twenty-One" is taking a firm and enduring hold on the public. It is evidently one of those plays that will live for long years.

"When We Were Twenty-One," comes to the Academy to-day and will be seen at matinee and again to-night. The matinee prices will be 25 and 50 cents.

MANUFACTURERS' EXPOSITION.

The Charlotte Observer contains this interesting paragraph:

"For the past several weeks there has been some talk in Charlotte of organizing a Manufacturers' Fair to be held in the early Spring. Its object will be to gather the mill men of the Piedmont section of the Carolinas together, arrange a programme of enjoyable exercises, with addresses from well-known manufacturers, exhibits of improved mill machinery, horse racing and other forms of amusement. There are a number of citizens who are in favor of this idea and these are working up the scheme in a very quiet way. It is reported that nothing definite will be made known as to the plans until the first of the year, when, if those who are behind the scheme believe that it will go, a direct canvas will be made and the meet will be arranged."

Why not have a genuine manufacturers' exposition, featured with the various manufactured products of North Carolina from the mountains to the sea, and along with them have an exhibit of machinery for all kinds of manufacturing. The various articles manufactured in North Carolina will form an interesting and astonishing display, and an exhibit of machinery might prove of inestimable value and inconceivable importance to the industrial growth of the State. There might not alone be an exhibition of such machinery as is already used in the manufacturing plants of North Carolina, but machinery for lines not now manufactured in North Carolina might result in the establishment of something new in the manufacturing industry, thus aiding in diversifying the industries of our State.

However, it would require a longer period of preparation than can be had between now and Spring, but there is no reason why such an exposition could not be successfully pulled off at Charlotte. The Queen City is the centre of the manufacturing industry of the Carolinas, and a getting together of the machinery manufactures and the people who use the machinery might lead to a development of which we little dream.

Charlotte will have to go to work and erect a big machinery hall with electrical power to run the machines in the show as is now contemplated there, and while she is doing that she may as well give the Carolinas an opportunity to show what they are making in cotton goods, tobacco, furniture, lumber and a thousand and one other things, from a toothpick to the Tompkins' cotton looms now manufactured in North Carolina.

Wilmington might make a showing in manufacturing that will surprise some people.

After writing the above, we picked up the highly esteemed Savannah Morning News, and we note that one of your local manufacturers' expositions is to be held in that city. The News editorially says of it:

"The Savannah Manufacturers' Exposition, which was first intended or expected, to be a very modest affair, is rapidly developing into one that will have a potential influence on the city's future. As is true of other large cities, the people of Savannah are too busy to be going around looking for improvements are of a kind that are of necessity located away from the ordinary places of trade; wherefore the great majority of Savannahians know probably little or nothing of what is going on in their home town in the line of manufacturing. The purpose of the exposition is to afford all such persons an opportunity of seeing what is being done here in the manufacturing industries and to give an idea of how many of our own people are earning a living in manufacturing plants. The exposition will also show what it is that is making the city spread over the fields on the east and west and the old 'commons' on the south, and why the river is always filled with shipping.

"The exposition will be an object lesson that will educate many persons with respect to what is going on in the local industries. That it will be a revelation cannot be doubted. That it will make every Savannahian prouder of his city is also a foregone conclusion. There are few of us who realize fully how the volume and value of our manufactured products have increased within the past few years. And we want more factories. The way to get them is to encourage those we have; to patronize them and make their promoters feel that their interests and ours are identical.

"The exposition will be made very attractive. There will be no clap-trap about it; it is business and means business; but it will have features for amusement that cannot fall to be pleasing."

There are very few people in most Southern cities but who would be surprised to see what their cities are doing in manufacturing. These local manufacturers' fairs bring them face to face with the progress of their communities and will no doubt inspire them to greater progress.

TWINKLINGS.

—Owlinswell—What kind of a fellow is Bellamus? Kewton—He's this kind—if you offer him his choice of two cigars he takes both."—Chicago Tribune.

—"Miss Gusch remarked to me that it must be splendid to be married to a clever man," said young Proudly's wife. "And what did you say?" asked Proudly. "Told her, of course, that I didn't know, since I had only been married once."—Philadelphia Press.

—"Why don't you put a stop to the mad career of these railways?" asked the man who is always indignant. "My dear sir," answered Senator Sorghum, "I have thought of it. But there is no sense in a man standing on the track and defying the locomotive, when he might just as well be in a parlor car looking at the scenery."—Washington Star.

—Rejected Youth (mortified and indignant)—You are not only cruel and heartless, but you are unfair. You have allowed me to dance attendance upon you for a whole year without any other thought than merely to amuse yourself with me. The Young Woman—Oh, well; your time hasn't been altogether thrown away, Harry. I can give you a first-class letter of recommendation to any other girl you may happen to take a fancy to, you know.—Chicago Tribune.

—"The shocking treatment to which the Jews of Russia have been subjected has horrified the civilized world. The fact that they should have been singled out for butchery by the revolutionists as well as by the government augurs ill for the security of the Jews in Russia, whatever reforms may be introduced in the government of that country. The watchword of the Russian revolutionists is the old French Cry, "Liberty, brotherhood, equality." If the new Russia lives up to this motto, there ought never to be another Kishineff massacre or another butchery such as that a Odessa."—Baltimore Sun (Dem.)

CURRENT COMMENT.

—A Paris cable says that many Americans are still lingering there. Some of them are probably waiting for the grand juries at home to adjourn.—Washington Post.

—"Life insurance companies should be placed under as strict a surveillance as national banks," says Senator Warner. When we read about how things happen in national banks like one at Allegheny, Pa., we doubt if Senator Warner's plan would help much.—Washington Post.

—A California railroad has just placed an order in Spain for 27,000 tons of steel rails. The rails are to be manufactured in Biboa, and will be delivered in California at the price of $27 per ton. This price included ocean and land freights and tariff charges. The price of American steel rails, at the mills in Pittsburg, is $28 per ton, nevertheless American steel rails were not long ago sold in Liverpool, delivered, at $23 per ton.—Savannah News.

—In the news columns of this paper to-day appears an account of an extensive new industry in the western part of North Carolina—a pulp mill, representing an investment of $1,300,000. It may be argued that this mill will mean a furtherance of the work of deforestation, but that is not necessarily the case. This mill could live for years alone on the waste material left by the tan bark chopper and the mountain saw mill.—Charlotte Chronicle.

IT DRAWS HARD

On a woman's vitality to do work for which she is unfitted, and we wonder how some of the women of our land live through a single season of pleasure or dissipation.

They will say with tears in their eyes, when they mention the subject at all, "*it is a hard pull,*" that with pain, weakness and weariness they are "almost dragged out." Many in this condition, resort to alcoholic stimulants and "invigorants," the after effects of which are very injurious.

Dr. R. V. Pierce, forty years, ago found that women were being mistreated through ignorance or carelessness and determined to devote his life and energies to their relief.

Having found the cause of their suffering, *he next sought for the means of relief,* and found in *Nature's laboratory*—the earth, certain roots which had remarkable and valuable medicinal virtues for the cure of these ailments.

Using chemically pure glycerine, of proper strength instead of alcohol, he prepared extracts of these, and the result was so satisfactory that the combination became his "Favorite Prescription." The roots used are: Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root. The world knows it as Dr. Pierce's Favorite Prescription, which has the wonderful and unparalleled record of a half-million of cures in the last forty years.

Write to Dr. Pierce, Buffalo, N. Y., for advice, given without charge.

"I am glad to be able to testify as to the merits of Dr. Pierce's Favorite Prescription for the many ills that women suffer with," writes Miss Gertrude Mitchell (President Young Ladies' Christian Endeavor Society), 45 Columbia Street, E., Detroit, Mich. "After many years of suffering and pain, I took your medicine, and in a short time began to feel stronger, became more regular and didn't have the bearing-down pains which had been my lot for so long. Shall never cease to be very grateful that it was brought to my notice. I have no pains, and feel much stronger generally."

Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities.

Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by R. R. Bellamy, druggist, price 50c. **

DRAGGING PAINS?

Read This "I had dragging pains and falling womb," writes Mrs. Ina Baytes of Sherwood, Tenn. "My health was bad and I could hardly do my work. Cardui cured me."

Women suffer agonies from pains of which men have no comprehension. One of these is that awful, bearing-down or dragging pain, which so often, in some women, forms a part of the monthly sickness, and in others continues from month to month, week to week, day to day, till death itself would often be welcomed as a relief. What does it mean? It means, probably, that your womb is bent, twisted, turned inside out, or falling down, as a result of a certain weakness of those muscular fibers, which are supposed to keep it straight and hold it in place. It means, that if you do not take immediate steps to cure this trouble you may become an invalid for life. It means, that you must lose no time, but go for relief and cure, to the one medicine which will be sure to benefit and cure you, as it has benefited and cured a million other happy, rejoicing women, viz:

WRITE US A LETTER freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We send free advice (in plain sealed envelope) how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

THE COTTON MARKET.

New York, Nov. 14.—The cotton market was less active but fluctuations indicated continued nervousness and sentiment appeared to be very unsettled. After an early break prices rallied sharply but eased off again and closed at a net decline of 10 to 13 points. Sales were estimated at 650,000 bales.

The opening was firm at an advance of 3 to 9 points on covering and bull support inspired by firmer cables than expected and reports of small Southern spot offerings at the decline. But local professionals turned very aggressive sellers shortly after the opening and prices eased off, catching stop orders on a scale down under which January sold at 10.80 and March 10.98 or about 15 to 16 points net lower. At these figures recent sellers started covering and the market rallied and during the middle session, ruled quiet but steady about 3 to 4 points down from last night's finals. Reports of a snow flurry at one or two points in North Carolina and continued reports of strong interior spot markets helped to sustain prices, just before the close, the scattering short interests having covered, local bears again began selling and with some liquidation through houses with New Orleans connections the market sold off to within 4 or 5 points of the lowest. The closing tone was within 4 or 5 points of the lowest. The closing tone was steady. Southern spot markets were unchanged to 1-8c higher.

FINE CLOTHES OF STYLISH QUALITY.

But that's what you get here at a price you can easily afford. In fact you can't afford not to wear the kind of clothes we sell. The mere rise in your own estimation and others that our STROUSE clothes give you—that prosperous, well-groomed look—is the biggest kind of a cash asset to any man.

SPIRITS TURPENTINE.

—Raleigh correspondence, Nov. 13: Governor Glenn to-day received from Governor Terrell, of Georgia, an invitation to attend a meeting and banquet at the Atlanta chamber of commerce November 28th, at which will be launched the boom for a great exposition there in 1910. The Governor is compelled to decline, as he had already arranged to be at the meeting at Washington that day to arrange for a change of the date of the presidential inauguration and also to look after other matters.

President Samuel Spencer, Col. A. B. Andrews, first vice president, and a number of other officials of the Southern Railway Company, visited Whitney on Monday, the occasion of their visit being a tour of inspection of the Whitney Electric plant on the Yadkin river. The visit to Whitney was made at the invitation of the Whitney Reduction Company, of Pittsburg, and New York. The company also has offices in Salisbury in charge of Capt. E. B. C. Hambley who is general manager of the plant on the river.

—Charlotte Observer: Running around on the platform on the inside of the new standpipe yesterday afternoon was a squirrel. The platform, which is suspended from the top of the standpipe and is used by the men working on the structure, is 125 feet above the bottom of the tank and nothing connects it with the bottom at all. Hanging over the side of the standpipe is a 3-4 inch rope, used in hoisting material and this is the only conceivable way by which the frisky little animal reached the top of the pipe.

—Governor Glenn on Monday refused to pardon W. L. Brookshire, who was convicted of forgery at the October term, 1904, and sentenced to four years State's prison. The Governor says: "From facts submitted, it appears that the defendant fell into the hands of a bad woman and, to give her a trip to some exposition, forged his employer's name. He left his wife and took the woman with him. He says he had a right to sign the check, but the jury found otherwise. Neither the judge nor solicitor recommends pardon; there is nothing in the case to commend him to clemency."

—A dispatch from Reidsville on Monday says: Messrs. B. F. Sprinkle and Wm. Young, of this place, when told that the Circuit Court of Appeals at Richmond had affirmed the rulings of Judge Boyd in the case against them for defrauding the government out or large revenues by the use of spurious stamps, appeared somewhat surprised, but have hope that their attorneys will succeed in getting a writ of certiorari from the Circuit Court allowing the case to be heard before the supreme court. The defendants have been out under heavy bond pending the appeal. This case was the first of the big revenue cases tried in this district. The trial began April 22nd of last year, concluding by defendants' conviction, sentence and appeal on May 5th. Sprinkle was fined $5.000 and sentenced to the Federal prison at Atlanta and Young was fined $1,000 and sentenced to six months imprisonment in the county jail of Rockingham. Davis, who was connected with the distillery at Milton, was also implicated in these frauds, and was sentenced to a term in the Atlanta prison, which he has served. He is now in Reidsville. T. M. Angle, of Milton, was also fined and sentenced, but his case will be disposed of along with the cases of Sprinkle and Young. All of these gentlemen have lots of money and they will spend it freely to keep from behind the bars.

TESTS PATIENCE

The Most Patient Wilmington Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition.
Nothing taxes a man's patience,
Like any itchiness of the skin.
Itching Piles almost drive you crazy.
All day it makes you miserable,
All night it keeps you awake.
Itch! Itch! Itch! with no relief.
Just the same with Eczema.
Can hardly keep from scratching it.
You would do so, but you know it makes it worse.
Such miseries are daily decreasing.
People are learning they can be cured.
Learning the merit of Doan's Ointment.
Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin.
Read the testimony of a Wilmington citizen.

H. Cronenberg, Photographer, of 119 1-2 Market street, says: "I used Doan's Ointment and it did its work promptly and permanently. I had a rash all over me, and no knows how I suffered. It was like being in the infernal region and I could get no relief. I did not dare scratch because that made it worse. I tried everything but only to be disappointed. Some one told me about Doan's Ointment and I procured a box at R. R. Bellamy's drug store. I went home and applied some of the ointment, and I can say brought the first relief I had had for a long time. I can only add that it is a preparation of great merit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at R. R. Bellamy's drug store; 25 cents. **

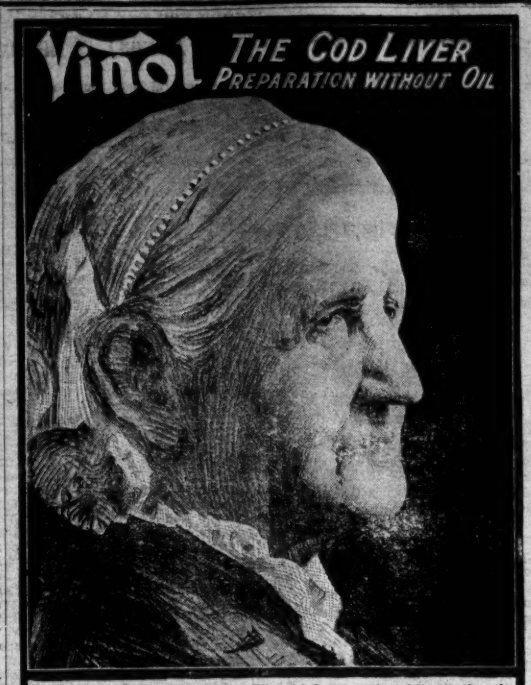
The Kind You Have Always Bought



Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequaled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return you your money without question. We take all the risk.

ROBERT R. BELLAMY, Druggist.

Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on they get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

RAILWAY EMPLOYES CALL ON PRESIDENT

Urged That Government Regulation of Rates Will Reduce Railroad Earnings.

By Wire to The Morning Star.

Washington, Nov. 14.—An earnest protest was made to the President today against proposed railway freight rate legislation. The protest was filed by representatives of the great labor organizations connected with railroading—the engineers, firemen, conductors, switchmen and trainmen. The members of the delegation which called on the President represented the several organizations. They pointed out to him that railroad rate legislation logically meant the lowering of rates. This they contended will be followed by a lessening of the earning power of the railroads and consequently by reduction eventually of the wages of railroad employes.

The delegation which called on the President came from twelve different States, and represented all of the larger systems of railroads. George Huntley, of the conductors organization, presented to the President a statement of the character of the organizations represented and assured him that no taint of partisanship or political coloring existed in any degree among the members of the delegation. Mr. Huntley said in presenting his statement.

"One million and a quarter railway employes have noted with concern the tendency toward Federal legislation on railroad rates. As there has appeared no hint that any general increase in the prevailing rates was contemplated, we are forced to believe that the other alternative must follow, and a general reduction in the earning power of our railway lines would result."

The speaker declared with emphasis that railroad employes were satisfied that any legislation tending to reduce the earning capacity of railroad lines will,, in the same measure, interfere with the prosperity and generally satisfactory conditions of the railroad employes. Mr. Huntley stated that it had come to be the attitude of the administration and of prominent Republicans generally that when a revision of the tariff is made the changes should be by its friends and not by its foes." We suggest," said Mr. Huntley, "that a similar course be followed in railway rate legislation."

In response President Roosevelt assured the delegation that it was not his purpose or the purpose of those who favored railroad rates regulation to do anything that might injure the railroads of the country, or, incidentally, the employes of the railways. He said that it was his purpose that all classes, railroads, shippers and employes—should have perfectly fair treatment. He was of the opinion that the proposed legislation would not mean a reduction necessarily in railroad rates and suggested that the members of the delegation, therefore, were proceeding on a wrong understanding of the situation.

THOS. W. LAWSON IN TROUBLE.

Warrant Issued for Him in Libel Proceedings.

By Wire to The Morning Star.

Boston, Mass., Nov. 14.—The issuance of a warrant for the arrest of Thos. W. Lawson in connection with a suit for damages for alleged criminal libel brought by Clarence W. Barron, of Boston, was ordered by Judge Wentworth of the municipal court to-day. By agreement of counsel, however, the warrant will not be served until Saturday next, when Mr. Lawson will appear to answer the charge against him. Meanwhile, counsel for Lawson states, application will be made by his client for the arrest of Barron also on charges of criminal libel. The allegations of Barron against Lawson are based upon statements made in magazine articles which appeared in October under the name of Mr. Lawson and in various typewritten tissue market sheets circulated by Mr. Lawson. The counter charge grows out of alleged libellous matter against Lawson which has appeared in the market slips published by the bureau of which Mr. Barron is the head.

TRIAL LONG DRAWN OUT.

Old Nick Williams Case Will Last Till Thanksgiving.

By Wire to The Morning Star.

Greensboro, N. C., Nov. 14.—All hope of concluding the case of the government against the Old Nick Williams Distilling Company before Thanksgiving day has been abandoned. Thirteen witnesses were examined today and the testimony for the most part related to the shipment of whiskey. It is believed that the prosecution will close its case the latter part of the week. This belief is strengthened by the arrival of witnesses for the defense.

The British steamer Bavaria, bound from Barry, Eng., for Bordeaux, France, has been lost off Belle Isle, France. Part of her crew have been landed at Noirmoutier, France. The captain and fourteen men are missing.

J. HAZEN HYDE GIVES SNAP AWAY

Former Vice President of Equitable Testified in Insnrance Investigation Yesterday

HE WAS MADE SCAPE GOAT

Had to Pay $212,000 of Mysterious Loan of $685.000—It Was for Campaign and Other Purposes—Gov. Odell Involved.

By Wire to The Morning Star.

New York, Nov. 14.—James Hazen Hyde, former vice president of the Equitable Life Insurance Society, whose resignation followed the sensational disclosures in that company last Spring, which led to the investigation of insurance company methods by the Armstrong committee of the legislature; the man whose presence as a witness before this committee has been looked forward to in the expectation that it would produce the greatest sensation of the investigation, appeared before the committee to-day.

Mr. Hyde's manner on the stand was one of the composure and deliberation and his replies to questions from counsel were calm and deliberate and at times studied. He was fortified with statements and data and was very frank in his explanations. Frequently he would become bitter in his reference to some of his associates, and while his entire testimony was of deep interest and cleared up many points that have heretofore remained in the dark, it was not until late in the day that the sensational feature of his testimony was developed. Mr. Hyde was called to the stand shortly after the session opened this morning and he was under examination all day until a few minutes before adjournment was taken. In anticipation of his presence as a witness, there was a greater crowd than has attended the sessions of the committee heretofore and extra police were stationed in the corridor without the committee room to keep order. Mr. Hyde cleared up the matter of the $685,000 loan of the Mercantile Trust Company, which appeared on the books of the Equitable Life under the caption of the "J. W. Alexander, No. 3 account." This account has been under investigation on several previous occasions, but none of the witnesses heretofore examined has been able to explain it. Mr. Hyde first heard of this account in the Fall of 1902, when it was called to his attention by President Alexander, who said that he and Mr. Jordan had incurred the loan to take up stock that was being bid up to fictitious values, to the detriment of the company, to settle suits that were hampering the business of the Society, and campaign contributions. This contribution was the one of the last campaign and was asked by Mr. Frick, who suggested it for the benefit of the Society. To procure this money, Mr. Alexander had Mr. Hyde write a letter to the president of the Mercantile Trust Company and this letter practically placed him in the position of a guaranteer.

Later, when the settlement of the loan was forced, Mr. Alexander and Mr. Jordan raised all they could toward it. The stock purchased with part of the loan was sold to Thomas F. Ryan for $212,000, and the balance $212,500, Mr. Hyde paid personally. He did this because he understood that Mr. Alexander was financially mebarrassed and in a bitter tone said:

"Notwithstanding the strained relations with these two gentlemen, Alexander and Jordan, I felt bound to see that the debt was liquidated by reason of the letter Mr. Alexander extracted from me."

Mr. Hyde said that he first received a salary of $30,000, seven years ago. In 1902 when he became chairman of the finance committee, this was advanced to $75,000, and in 1903 it was advanced to $100,000, at which it remained until he resigned as vice president of the Society.

Mr. Hyde presented a statement showing that in the seven years of his connection with the Equitable Life and the allied corporations this average income had been only a little more than $38,000 a year. This was figured as seven years salary from the Equitable amounting to $435,000, from which he deducted his losses in syndicate trasactions, amounting to $28,-615. and the $212,500 paid on the $685,-000 loan, which left a balance of $193,-884, or an average annual income of $27,697, to which was added the average income from his offices in the trust companies to $10,500. Witness said he presented this statement to show that he had been misrepresented.

He was asked to make an allotment of certain bonds of a syndicate to George H. Squire, trustee, but his curiosity was not aroused. He had since learned, however, that the account was maintained by Alexander and Jordan, that the profits therefrom might be applied to the paying off of the $685,000 loan.

The instructions of Mr. Jordan to A. C. Fields, "the legislative generalissimo" as Mr. Hughes referred to him to-day, Mr. Hyde knew nothing about. He said he never consulted with Mr. Jordan about legislative matters and that none of the legislative measures affected him or his interests in any way.

The syndicate operations of J. H. Hyde and associates was gone into very thoroughly and it was shown that in twenty-three syndicates Mr. Hyde sustained personal losses of $28,-6155. Mr. Hyde ascribed the apportionment of the Equitable's allotment of bonds in syndicates to officers of the Equitable Life to the customs and usages of Wall street.

Of the formation of the J. H. Hyde and Associates Syndicate, Mr. Hyde said Mr. Alexander suggested it for the convenience of bankers. He did not remember that any apportionment of an allottment to this syndicate had ever been made to individuals who were not officers of the Equitable Life. Mr. Alexander decided who should compose this syndicate and his decision was final.

Of the $50,000,000 Union Pacific pool Mr. Hyde said Mr. Harriman instigated it and explained it was to be a holding syndicate for five years. It was understood this was for the purpose of controlling the Union Pacific. Mr. Hyde signed the syndicate agreement at Mr. Harriman's suggestion and talked only with Mr. Harriman on the subject. The executive committee was not informed of this operation, as Mr. Hyde said that Mr. Alexander requested that the committee to be not informed of it. He said that Mr. Harriman even refused to give a statement of the purchases of the pool to the superintendent of insurance when he "clamored for it" last Spring.

Eclipsing all this sensational testimony, however, were the statements of Mr. Hyde concerning former Governor Odell and Mr. Harriman relative to the settlement of the shipbuilding company suit by the Mercantile Trust Company. Mr. Hyde said that Mr. Harriman came to him and advised the settlement of Odell's suit as he feared that powerful influence at Albany would be invoked in retaliatory measures. Mr. Harriman suggested as one of these measures the revocation of the charter of the Mercantile Trust Company. Mr. Hyde knew of no actual steps that were taken, or of any bill that was introduced, but he was beset with rumors that such steps were about to be taken by legislation. The Equitable Life, he said, was not interested beyond the connection it had with the Mercantile Trust Company.

Mr. Hyde was under the impression that the Mercantile in settlement retained the bonds and paid Mr. Odell about $75,000. The original claim of Odell was about $180,000. The bonds subsequently netted about 50 cents on the dollar. Mr. Hyde said Mr. Harriman suggested the settlement of the suit and that counsel and members of the executive committee of the Mercantile Trust advised it, and he recommended it.

Charges of conspiracy to get him out of the country were made by Mr. Hyde against Henry C. Frick and E. H. Harriman in connection with the reported aspiration of Mr. Hyde to become ambassador to France. He said Mr. Frick inspired the idea and witness took it as a joke at first, but when Mr. Frick brought it up later, Mr. Hyde was flattered and both Mr. Harriman and Mr. Frick promised to use their influence to secure the appointment. Again Mr. Hyde waxed bitter to his explanatory of the extraordinary interest these gentlemen had in his adsence from the country. He said he thought their idea was "that they would acquit themselves of their friendly stewardship with great profit to themselves," and added that the nature of their interest had since become very obvious.

Mr. Hyde charged Mr. Frick with breach of faith in leading him to believe that the Frick committee was "friendly" to him and with doing all he could do dissuade witness from selling his stock "at the same time," as Mr. Hyde said, "doing everything on that committee he could to injure me and destroy the value of that stock."

Mr. Hyde explained that he used "friendly" in the just sense of the word, and that if there was anything for which he could be criticised he was willing to take whatever criticism came. Mr. Hyde said he did not think the report was at all fair and that the committee posed as his friends while he was being attacked on the other side by Mr. Alexander and his friends under the sham of mutualization. Mr. Harriman, he said, asked him to move the adoption of the Frick report at the meeting of the board, but Mr. Hyde said he absolutely declined as it was condemnatory of everything that had ever transpired in the Society, and he was advised by counsel that such a step would throw the Equitable Life into the hands of a receiver.

Mr. Hyde was excused until to-morrow when his examination will be resumed

RUSSIAN EMPIRE TORN BY ANARCHY

Vladivostock in State of War and Many People Killed—Another Revolutionary Movement.

By Cable to The Morning Star.

St. Petersburg, Nov. 14.—The upheavel in Russia folowing the promulgation of the reform manifesto has now reached Vladivostok and Yenisek and other extreme points of the empire. Confirmation has been obtained from various sources of an uprising at Vladivostok where the condition of affairs is quite critical. Many persons have been killed and the foreigners have taken refuge on the ships in the harbor. Many public buildings, stores and houses have been pillaged and set fire to by the mob.

The American embassy has received from Consul Greener at Vladivostok the details of the outbreak which began Sunday afternoon immediately after the departure of the Russian armored cruisers Gromober and Rossia. The people who had gathered in great crowds in the streets became excited by inflammatory speeches. Many soldiers and sailors were also in an angry mood, having expected to go home with the squadron. The mob began to break windows and pillage and in the evening set fire to the theatre, the Golden Horn Hotel, to several blocks of Chinese buildings in the northern part of the city and to the officers' residences and other buildings in the eastern quarter. The fires burned all night. Seventy buildings were consumed. Troops were summoned to restore order and fired frequent volleys, killing many persons.

Just before the American consul telegraphed today the commandant of the fortress at Vladivostok assisted by the organization of workmen addressed the mob, urging them to keep the peace but the consul said he feared the attempt would be in vain. Consul Greener added that 24 merchant vessels in the harbor were now crowded with inhabitants. The consul was on board a steamer when he sent his dispatch and he expects to remain there.

State of War Declared.

St. Petersburg, Nov. 14.—A state of war has been declared in Vladivostok. Private advices say that the Chinese quarter has been entirely destroyed and that the uprising is now under control.

Great Strike Threatened.

St. Petersburg, Nov. 14.—Russia is on the brink of another general strike. The council of workmen delegates, in acordance with the programme of the social democrats announced in these dispatches yesterday, at a meeting tonight resolved to obtain a working day of eight hours, by revolutionary means if necessary. All employers are determined to oppose the demand and the situation is critical.

SECRETARY TAFT TALKS POLITICS

Returned Yesterday from Trip of Inspection of Panama Canal Construction

VIEWS ABOUT OHIO ELECTION

Says Defeat of Republican Bossism is Good for County and Municipal Governor—Praises Democrat Governor—Work on Canal.

By Wire to The Morning Star.

Newport News, Va., November 14.—Secretary of War William H. Taft reached Hampton Roads to-day aboard the United States protected cruiser Columbia after a trip of investigation to the Isthmus of Panama. The Columbia arrived in the Roads at 9 o'clock but a heavy snow storm was blowing and the Secretary decided to remain aboard all day. He left the Columbia on the ship's cutter shortly before 7 o'clock at which hour he boarded a steamer for Washington at the government wharf. Secretary Taft received the Associated Press representative aboard the Columbia at 4:30 o'clock and talked freely of the recent election, particularly that in Ohio, and the situation as he found it in Panama. He said:

"The result in Cincinnati is a long step toward better municipal government and better local party politics, but the victory will not be completed for several years. The machine, entrenched in power as is the Ohio machine, can only be made to give it up through the continued earnest attention and work of young men entering politics with the enthusiastic, unselfish desire to make them better and willing to devote all the time possible not needed in their daily vocation to the organization of political clubs which shall have for their motto: "Open conventions and freedom to the people in the selection of proper candidates for municipal and county officers."

"I sincerely hope that the result in Hamilton county may lead to such an organization and such a result. But those who brought about the defeat of the machine cannot afford to lie back on their oars and think they have won a lasting victory. They have merely carried the first entrenchments and if they do not follow up their success they will find the old machine as strong as ever in future campaigns. The constitutional amendment adopted at this election, furnishes a great point of advantage to those who would reform municipal party politics.

"I regret the defeat of Governor Herrick because I think he was made to suffer for alleged subserviency to bossism of which he was not guilty and his freedom from which would have been demonstrated by a second term. His administration was as clean and as free from scandal as that of any previous governor of Ohio. Mr. Pattison, the Democratic governor-elect, I know well. He is a man of high character and if we must have a Democratic governor I do not know of a better man. I note that in the Democratic platform on which Mr. Pattison was elected, is a plank advocating municipal ownership of public utilities, accompanied by the merit system for the selection of civil servants.

"The experience in Chicago has shown that it is one thing to advocate municipal ownership and another thing to carry it out. We may dismiss, therefore, from consideration the possibility of any serious legislation looking to municipal ownership, but if our Democratic friends, including Mr. Pattison, were sincere in their denunciation, and I have no doubt that he and many others were, they now have an opportunity to unite with the Republican civil service reformers in securing the passage of a civil service act applicable to counties and cities of the State of Ohio. As between the Democrats and Republicans the Ohio Legislature is very close indeed, and now would seem to be the opportunity for the real enemies of bossism to forget party differences and unite in the passage of a law, which, if properly drawn and actually enforced, will do much to elevate the tone of municipal and county politics by depriving local bosses of public patronage to perpetuate their political power."

The Secretary states that he was highly pleased with his trip to Panama and said the following in this connection:

"The trip was very satisfactory. In comparison with the condition of affairs on the occasion of my visit last year and this year, marked improvement is shown. Great work has been done in sanitation and the suppression of disease and in preliminary work on constructing houses, setting up equipment, building railroad tracks, building steamship docks which constitutes the enormous necessary work of preparation before the dirt can be made to fly. The present organization under Mr. Shonts seems to be operating effectively."

The Secretary's flag was hauled down from the Columbia's masthead at 4:58, sunset, and the cruisers guns boomed a salute of 17 guns. The Secretary did not leave the ship until sometime later but the flag was hauled down at sunset because salutes are never fired after sunset. Colonel Potts, commander at Fort Monroe, did not pay the expected visit to the Secretary because of illness.

The Weather Yesterday.

The decided fall in the temperature yesterday was the subject of remark on the streets all day. Trains arriving during the evening brought reports of snow as far this way as Wilson, on the W. & W., and Fayetteville, on the A. & Y., railroads. A freeze is predicted for this morning in Wilmington. Last night at 10 o'clock the temperature had gone as low as 32.3 degrees and Weather Observer Felger said that the outlook for ice was good.

GOOD FOR THE FAMILY AS WELL AS THE MAN

Experience of Man Saved by Keeley Cure—Built Him Nice Home—Made Family Happy.

The Keeley Institute, Greensboro, N. C.:

It has been 12 years last June since I had the good fortune to get to what I think is the only place on earth that will save the poor unfortunate one who has that awful disease of whiskey drinking which I know from my own experience is a dread disease. The Keeley Treatment will cure you if you will try it; and it will do all that is promised for it if you will help it a little. As for myself, the Keeley cured me, and it will cure you, if you will only give it a trial. The Keeley treatment has saved my life; it has bought me a nice home; it has made my home a Paradise instead of a Hell; it has made my wife and children happy; it has put them in the best society; it has made a lawyer of one of my boys; it has made a merchant of one; it has made my daughter a graduate in music, and she is to-day teaching and making her own support. The Keeley cure has saved me to help save others. Now I want to say to all mothers, wives, sisters or friends, when your loved ones get drunk do not send for a doctor, but send for a graduate of the Keeley Institute, and let him take them to Greensboro where they will be cured, and come back to you new men from head to foot. I know what I am talking about. As for the managers, they can't be beat. The Keeley Institute is perfect in every respect—God bless them all.

I can't say one-half in this letter that I would like concerning all that the Keeley Institute has done for me. I went to the Institute about 13 years ago a lost man, soul and body; without money, without friends. To-day I have all. I thank God and the Keeley Institute for all that it has done for me and mine. Now, friends, go to some one that has taken the Keeley treatment, and he will tell you the rest. May God bless the Institute and all of its good works; both for what it has done and for what it will do hereafter.

Respectfully yours,
R. D. OWENS,
Rock Hill, S. C., Dec. 3, 1904.

NEWS FROM RALEIGH.

Governor's Thanksgiving Proclamation—Inland Water Way.

(Special Star Telegram.)

Raleigh, N. C., Nov. 14.—Governor Glenn this morning issued his proclamation in accordance with that of President Roosevelt's for the observance of November 30th as Thanksgiving. He congratulates the people on the present era of prosperity and urges that they gather together on the day named and devoutly return thanks to Almighty God.

United States Senator Simmons has gone to Beaufort to join Congressman John H. Small and the Board of Army Engineers for a tour of inspection of the route of the proposed inland waterway for which Congressman Small has been working so persistently for several years. Ocracoke, Washington and Newbern will be visited and there will also be a conference with the Board of Trade of Norfolk.

The first case called for argument in the Supreme Court this morning for the twelfth district was that of State vs. Monroe Johnson, from Mecklenburg county, involving a unique point of law regarding the sale of liquors. Charlotte has strict prohibition and the defendant went to Salisbury and brought back with him a half gallon of whiskey which he delivered to Tom Brown receiving $1 therefor, having first seen Brown before going to Charlotte and receiving instruction to bring back the whiskey. The State contends that under the laws of 1905, Sec. 6498, making the place of delivery the place of sale, Johnson is guilty of selling whiskey without license, the place of sale being really Charlotte and not Salisbury. In the trial below the judge rendered a special verdict that the defendant was not guilty and the State appealed. It will be two weeks or more before the Supreme Court settles the matter.

About 11 o'clock last night a window was smashed out of the second floor of the City Hall and loud cries for help were heard. Investigation showed that Frank Thompson, a white painter, had slipped in the hall, climbed up in the scenery frames of the stage and fallen thirty feet to the floor, breaking his hip and receiving serious bruises. He claims that he was up there with a party gambling and that they got in a row when one of the men beat him. There was nothing in evidence, however, to bear out his statement. Then, too, police headquarters are in the same building, making the gambling story all the more improbable.

Goldsboro, N. C., Nov. 14.—The prohibition election here to-day passed off quietly, resulting in a majority of 146 for prohibition. While the men were voting, the ladies were holding a song service at the First Baptist church, tolling the bell at intervals all day.

Advice to Merchants and Farmers

Do you know when you buy any grade of Guano? It's simply an adulteration, a small per cent of which is blood and bone, which is the superior ingredient, but when you purchase FISH SCRAP, you get nothing but pure FLESH, BLOOD & BONE. The above assertion we guarantee and can prove. Therefore FISH SCRAP has no equal as a Fertilizer. We are Sole Agents for the Ocean Fisheries Co., who manufacture the finest article of FISH SCRAP known. Prices cheerfully given on application.
